Fuel stop in Gillette; university business at ISU Missoula property.

July 3 Ames to Wilkesboro, NC and beyond.

Donor relations and ISU partner campus visit to North Carolina A&T State University.

April 24 Ames to State College, PA

University Museums and donor visit

March 24 San Antonio to Jefferson, NC.

Trip was from San Antonio to Washington, D.C., for the Norman Borlaug statue unveiling. Fuel stop was made in Jefferson due to competitive fuel pricing.

March 27 Ames to Elmira/Corning, NY. Then to Teterboro, NJ. Then back to Elmira. Appears this was transporting Ken and Trish Leath

Trip was from Ames to Teterboro, NJ (near NYC) enroute to NCAA basketball tournament. Pilots did not want to enter NYC airspace without a full tank of fuel (as holding patterns in NYC are common for small planes), and therefore unilaterally decided to schedule a fuel stop in Elmira, NY. President Leath's brother and sister-in-law boarded the plane in Elmira. On the return trip, March 29, the plane again stopped in Elmira for fuel, and Ken and Trish Leath were dropped off. They had originally rented a car with the intent they would drive themselves home earlier, but since the team didn't advance, President and Mrs. Leath were returning to Ames anyway, with a planned fuel stop in Elmira.

2013

September 1 to Crawfordsville, Indiana

Donor outreach

5/24 - Ames to Kaiser, MO

Donor visit/alumni event

5/27 - Ames to Kaiser, MO

Same as May 24

3/22 - Dayton, OH to Jefferson, NC (Ashe County). Then from Jefferson, NC back to Dayton same day. Why stop in Jefferson?

The plane left Ames in the morning and took the Pollards and Maddens to Dayton. It then proceeded to Jefferson, NC, and picked up President and Mrs. Leath and brought them to Dayton for the NCAA basketball tournament.
